Don't miss the stunning kitchen remodel with custom cabinets, granite counters and stainless steel appliances. This is a rare main floor master floor plan with all the functionality of a traditional 2-story. As you walk in you can't miss the hand scraped hardwood floors that carry throughout the main. The carpet was just replaced in November of '18 throughout the house. Upstairs bath has also been remodeled for the 3 bedrooms up. Take advantage of the pool this summer that is just...
